Advantages of Everest Prime STM

Affordability: With benefits comparable with a major medical insurance plan, short-term medical (STM) insurance provides coverage that is designed for your needs, peace of mind, and financial well-being from the ever-rising costs of healthcare expenses.

Financial Strength: Everest Prime STM is underwritten by the Everest Reinsurance Company, and it is rated A+ Superior by the A.M. Best Company (9/9/15). A.M. Best is an independent global rating organization that examines insurance companies and publishes its opinion on their financial strength.

Network: One of the popular aspects of short-term medical insurance plans is they do not confine you to a specific network. In other types of major medical plans if a member seeks services outside of the network they either have a higher percentage of cost shares or they have to pay the full claim themselves. Your Everest Prime STM does not confine you to a specific network. Everest Prime plan pays up to 150%* of Medicare allowable expenses.

ACA NOTICE

This coverage is not required to comply with certain federal market requirements for health insurance, principally those contained in the Affordable Care Act. Be sure to check your policy carefully to make sure you are aware of any exclusions or limitations regarding coverage of preexisting conditions or health benefits (such as hospitalization, emergency services, maternity care, preventive care, prescription drugs, and mental health and substance use disorder services). Your policy might also have lifetime and/or annual dollar limits on health benefits. If this coverage expires or you lose eligibility for this coverage, you might have to wait until an open enrollment period to get other health insurance coverage. Also, this coverage is not "minimum essential coverage." If you don't have minimum essential coverage for any month in 2018, you may have to make a payment when you file your tax return unless you qualify for an exemption from the requirement that you have health coverage for that month.

*Actual amount may be greater in some states. The coverage is subject to the language of the policy as issued. The coverage is subject to the language of the policy as issued. The percentage of Medicare rate reimbursement is included on your ID card and you should make sure your hospital or facility provider understands this when seeking services. 150% of the Medicare rate is a fair payment but is often less than what your hospital or facility charges. The maximum benefit provided by your policy may be an amount that is lower than the hospital or facility will accept. If your hospital or facility is not willing to accept this benefit amount, please be aware that you may be balance billed for amounts not paid by your insurance.
